

A Mrs. Stevens and I went to our apartment in New York; we busied ourselves from then until we left the apartment, - I think that was on the following Wednesday, - in getting the things in the apartment ready to have sent to Lavalette. ~~Wh~~ While there we telephoned over to Mrs. Hall to see if she was all right. Now, that Wednesday - that may be wrong - Mrs. Stevens can check up on that date - that Wednesday - and when we got back to Lavalette we found lots of reporters there who were busying themselves asking questions and getting information from the people who had seen me on the 14th.

Q Mr. Stevens, what was the arrangement with respect to telephones at Lavalette; did you have any telephone at your house?

A We never have had a telephone in our house at Lavalette.

Q What was the nearest telephone or where, I should say, was it?

A The nearest one at the present time is at the White Oak market.

Q Is that kept by Garibaldi?

A No; that was kept by W. F. Greger.

Q McGregor?

A G-r-e-g-e-r.
